COLOURS... WOODNOTES COLLECTION 2012 ON SHOW AT IMM COLOGNE

Woodnotes is presenting its 2012 collection at the International Furniture Fair in Cologne on January 16-22th. Woodnotes can be found at **stand E 021** in **hall 11.1**. There is a variety of Woodnotes carpets on display also at the neighbouring Riva stand **F 011 – E 010**.

BEACH

Designed by **Ritva Puotila**, the stripy paper yarn carpet collection has been enhanced again with a new design Beach. The carpets are divided into two sections: the beach and the water. The smaller colour area is 30% and the larger is 70% of the length of the carpet. There are 7 colour variations in the Beach carpets and two new paper yarn colours are introduced: blue and plum. The new carpets are available with sewn edges and thin turned ends as well as with edging and backing.

The Beach carpet is an interior innovation award winner 2012.

SWIVEL k CHAIR AND k OTTOMAN

To accompany the k Chair and swivel k Chair, designed by **Harri Koskinen**, Woodnotes is introducing the k-Ottoman. The design of the ottoman resembles the swivel k Chair; it consists of a base plate and cushion upholstered with the Sand upholstery fabric, available in 9 colours. The k Ottoman turns the swivel k Chair into a comfortable lounge chair but it can also be used independently.

BED

WOODNOTES BED

The Woodnotes bed concept consists of a headboard and a frame that includes a base for mattresses. The parts are upholstered with the dustless, anti-static Sand paper yarn cotton fabric that gives the beds a stylish, luxurious appearance. There are nine colours available in the Sand fabric.

WHISPER ACOUSTIC PANEL

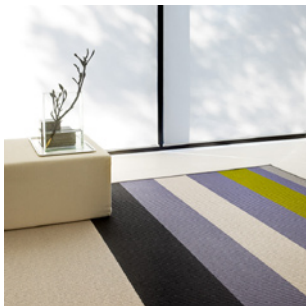

Designed by **Tapio Anttila** and Woodnotes Design Team, Whisper is an acoustic interior panel. This environmentally friendly acoustic panel is made from wooden frame and cellulose-based manufacturing process by-product that is fireproof, emission free, acoustic and eminently suitable for people with allergies. The panels are upholstered with the Sand upholstery fabric and are available in 9 colours. The appearance of the panels can be changed with the choice of different colours, sizes, and thicknesses giving a three dimensional effect to the panels.

MOONLIGHT BLIND FABRICS

The Moonlight blind fabrics both cover and shine. These fabrics are made from viscose and paper yarn. The choice of materials enables the fabrics to offer cover in both daylight and in the evening when lights are on. Sunshine gives an enjoyable reflection from the surface of the fabric without dazzling. There are six different designs in the Moonlight fabric collection; Plain Stripe, String, Air, Cloud and Heaven. The fabrics are available in white and white-natural and can be used for the Woodnotes Chain Operated Roller Blinds. Designed by **Ritva Puotila**.
